Re: Changes to the B.S. Bioengineering Curriculum

The Department of Bioengineering proposes the following revision to the undergraduate Bioengineering BS degree program, effective Fall Quarter 2023

- Delete “Engineering 181EW or 182EW or 183EW or 185EW” from the BE major listing because it is a School of Engineering requirement and already listed elsewhere
- Add BIOENGR 122, 125, 132, and 170 to the BE elective list
- Change BE 175C to BE 175 since it is no longer offered concurrently.
