

FEC Honors & Awards Committee

The Honors and Award Committee for 2020 will convene on **Thursday May 14th** at 12:00pm to review nominations and select the recipients of this year's Outstanding Bachelor of Science & Harry M. Showman Prize. **The time commitment will be from 12noon until selections are complete. Lunch will be provided.** Once the committee members are finalized, one member will be selected to be the official representative for the committee (it will be their responsibility to confirm award recipient selections with Alina Haas (ahaas@seas.ucla.edu)). Alina will follow up with details directly to the committee members after we receive names.

In addition, please have 2 alternate committee members in case someone cancels last minute. Note: Members of the committee should NOT have submitted nominations for either of these awards.
